

Our Ref: SM/LK

1st April 2021

Dear Parents and Carers,

I am writing to inform you that your son/daughter's hand in date for GCSE art is **Monday 10th of May**. On this day all coursework from the start of the GCSE course will be handed in. We are organising a system to collect the work in and will share this after the Easter break.

Until the hand in date we will be creating the students final pieces to finish and conclude their current projects. Because of the change of assessment this year we are building evidence of students' ability to develop, refine, record and present their artwork. The more evidence of drawing/painting/photography, anything art based will help to build the evidence. If your son/daughter has any art pieces at home please send them in for the **10th May** and we can mark these. These pieces do not need to be related to their school work but show their artistic ability, many students create artwork outside of school and this can be counted towards their GCSE.

Thank you for your support.

Yours sincerely,

Shevaughn Munro
Head of Art
