

Holyrood Academy refers to the grades allocated to students as Centre Assessed Grades and not teacher assessed grades. The Centre will ensure that all staff are fully aware of the expectations of the process outlined below. Due to the robust level of quality assurance, both at a departmental level and a senior leadership level, the centre takes full responsibility of the allocation of each student's grade and not individual teachers.

Our approach to Centre Assessed Grades is based upon three principles:

1. Fairness - Our processes will mean that all students earn the grades that they would have likely earned had their KS4 curriculum not have been disrupted. We will actively ensure that disadvantaged students, or students particularly disadvantaged by lockdown, have every chance to do their best.
2. Kindness - We will support all students in feeling confident that the Academy will help them to realise their best, no matter their circumstances. We recognise that after a difficult period of disruption, and with ongoing uncertainty, all students deserve to be shown kindness and care.
3. Robustness - Our processes of standardisation, moderation and quality assurance will ensure that there are high levels of confidence in the centre assessed grades that students are awarded.

This policy is based upon the JCQ's "Policy for determining teacher assessed grades in Summer 2021".

2. Roles and Responsibilities:

Head of Centre: *Our Head of Centre, Mr David MacCormick, will be responsible for approving our policy for determining centre assessed grades.*

- *Our Head of Centre has overall responsibility for Holyrood Academy as an examinations centre and will ensure that clear roles and responsibilities of all staff are defined.*

- *Our Head of Centre will ensure a robust internal quality assurance process has been produced and signed-off in advance of results being submitted.*

Senior Leadership Team and Curriculum Team Leaders: *Our Senior Leadership Team and Curriculum Team Leaders will:*

- *provide training and support to our other staff.*
- *support the Head of Centre in the quality assurance of the final centre assessed grades.*
- *ensure an effective approach within and across departments and authenticating the preliminary outcome from single teacher subjects.*
- *be responsible for ensuring staff have a clear understanding of the internal and external quality assurance processes and their role within it.*
- *ensure that all teachers within their department make consistent judgements about student evidence in deriving a grade.*
- *ensure all staff conduct assessments under the appropriate levels of control with reference to guidance provided by the Joint Council for Qualifications.*
- *ensure teachers have the information required to make accurate and fair judgments.*
- *ensure that the JCQ “Head of Department Checklist” is completed for each qualification that they are submitting.*

Teachers/ SENCo: Our teachers and SENCo will:

- ensure they conduct assessments under our centre's appropriate levels of control and have sufficient evidence, in line with this Centre Policy and guidance from the Joint Council for Qualifications, to provide teacher assessed grades for each student they have entered for a qualification.
- ensure that the centre assessed grade they assign to each student is a fair, valid and reliable reflection of the assessed evidence available for each student.
- make judgements based on what each student has been taught and what they have been assessed on, as outlined in the section on grading in the main JCQ guidance.
- securely collate a portfolio of evidence to justify their decisions.

Examinations Officer: Our Examinations Officer will:

- be responsible for the administration of our final centre assessed grades and for managing the post-results services.

3. Training & Guidance:

- Teachers involved in determining grades in our centre will attend any centre-based training to help achieve consistency and fairness to all students.
- Teachers will engage fully with all training and support that has been provided by the Joint Council for Qualifications and the awarding organisations.
- Curriculum Team Leaders will provide mentoring from experienced teachers to NQTs and teachers less familiar with assessment.
- Curriculum Team Leaders will put in place additional internal reviews of centre assessed grades for NQTs and other teachers as appropriate.

4. Use of Evidence:

This section of our Centre Policy indicates how our centre will give due regard to the section in the JCQ guidance entitled: Guidance on grading for teachers.

- Teachers making judgements will have regard to the Ofqual Head of Centre guidance on recommended evidence, and further guidance provided by awarding organisations.
- A portfolio of evidence used to determine centre assessed grades, and associated documentation, will be retained and made available for the purposes of external quality assurance and appeals.
- We will be using student work produced in response to assessment materials provided by our awarding organisation(s), including groups of questions, past papers or similar materials such as practice or sample papers.
- We will use non-exam assessment even if this has not been fully completed.
- We will use student work produced in centre-devised tasks that reflect the specification, that follow the same format as awarding organisation materials, and have been marked in a way that reflects awarding organisation mark schemes.
- We will use substantial class or homework (including work that took place during remote learning).
- We will use internal tests taken by pupils.
- We will use mock exams taken over the course of study.

- *We will use records of a student's capability and performance over the course of study in performance-based subjects such as music, drama and PE.*

Summer Mock Exams:

- Summer Mock Exams will use Additional Assessment Material provided by awarding organisations or, will use past assessment material from the November 2020 exam series so long as this has not been used in the course of study before.
- *We will use additional assessment materials to give students the opportunity to show what they know, understand or can do in an area of content that has been taught but not yet assessed.*
- *We will use additional assessment materials to give students an opportunity to show improvement, for example, to validate or replace an existing piece of evidence.*
- *We will use additional assessment materials to support consistency of judgement between teachers or classes by giving everyone the same task to complete.*
- *We will combine and/or remove elements of questions where, for example, a multi-part question includes a part which focuses on an element of the specification that hasn't been taught.*

Balancing Evidence:

- *We will consider the level of control under which an assessment was completed, for example, whether the evidence was produced under high control and under supervision or at home.*
- *We will ensure that we are able to authenticate the work as the student's own, especially where that work was not completed within the school or college.*
- *We will consider the limitations of assessing a student's performance when using assessments that have been completed more than once, or drafted and redrafted, where this is not a skill being assessed.*
- *We will consider the specification and assessment objective coverage of the assessment.*
- *We will consider the depth and breadth of knowledge, understanding and skills assessed, especially higher order skills within individual assessments.*

5. Determining Centre Assessed Grades

- *Our teachers will determine grades based on evidence which is commensurate with the standard at which a student is performing, i.e. their demonstrated knowledge, understanding and skills across the content of the course they have been taught.*
- *Our teachers will record how the evidence was used to arrive at a fair and objective grade, which is free from bias.*
- *Our teachers will produce an Assessment Record for each subject cohort and will share this with their Head of Department. Any necessary variations for individual students will also be shared.*

6. Internal Quality Assurance

- *We will ensure that all teachers involved in deriving centre assessed grades read and understand this Centre Policy document.*
- *Curriculum Team Leaders will ensure that all teachers are provided with training and support to ensure they take a consistent approach to:*
 - *Arriving at centre assessed grades*
 - *Marking of evidence*
 - *Reaching a holistic grading decision*
 - *Applying the use of grading support and documentation*
- *We will conduct internal standardisation across all grades.*
- *We will ensure that the Assessment Record will form the basis of internal standardisation and discussions across teachers to agree the awarding of teacher assessed grades.*

- Where necessary, we will review and reflect on individual grading decisions to ensure alignment with the standards as outlined by our awarding organisation(s).
- Where appropriate, we will amend individual grade decisions to ensure alignment with the standards as outlined by our awarding organisation(s).
- Where there is only one teacher involved in marking assessments and determining grades, then the output of this activity will be reviewed by an appropriate member of staff within the centre.
 - This will be Mr Rob Crocker (Deputy Headteacher – Achievement & Progress)
- In respect of equality legislation, we will consider the range of evidence for students of different protected characteristics that are included in our internal standardisation.

7. Comparing Centre Assessed Grades to Previous Cohorts

- We will use FFT Aspire to compile information on the grades awarded to our students in past June series in which exams took place (e.g. 2017 - 2019).
- We will consider the size of our cohort from year to year.
- We will consider the stability of our centre's overall grade outcomes from year to year.
- We will consider both subject and centre level variation in our outcomes during the internal quality assurance process.
- Curriculum Team Leaders will prepare a succinct narrative on the outcomes of the review against historic data which, in the event of significant divergence from the qualifications-levels profiles attained in previous examined years, which address the reasons for this divergence. This commentary will be available for subsequent review during the QA process.

8. Access Arrangements & Special Considerations

- Where students have agreed access arrangements or reasonable adjustments (for example a reader or scribe) we will make every effort to ensure that these arrangements are in place when assessments are being taken.
- Where an assessment has taken place without an agreed reasonable adjustment or access arrangement, we will take this in to consideration when determining a student's centre assessed grade.
- Where illness or other personal circumstances might have affected performance in assessments used in determining a student's standard of performance, we will take account of this when making judgements.
- We will record, as part of the Assessment Record, how we have incorporated any necessary variations to take account of the impact of illness or personal circumstances on the performance of individual students in assessments.
- To ensure consistency in the application of Special Consideration, we will ensure all teachers have read and understood the document: [JCQ – A guide to the special consideration process, with effect from 1 September 2020](#)

9. Ensuring Objectivity

Staff will fulfil their duties and responsibilities in relation to relevant equality and disability legislation.

Senior Leaders, Heads of Department and Centre will consider:

- sources of unfairness and bias (situations/contexts, difficulty, presentation and format, language, conditions for assessment, marker preconceptions);
- how to minimise bias in questions and marking and hidden forms of bias); and
- bias in centre assessed grades.

To ensure objectivity, all staff involved in determining centre assessed grades will be made aware that:

- *unconscious bias can skew judgements;*
- *the evidence presented should be valued for its own merit as an indication of performance and attainment;*
- *teacher assessed grades should not be influenced by candidates' positive or challenging personal circumstances, character, behaviour, appearance, socio-economic background, or protected characteristics;*
- *unconscious bias is more likely to occur when quick opinions are formed; and*

Our internal standardisation process will help to ensure that there are different perspectives to the quality assurance process.

10. Recording Decisions & Retention of Evidence and Data

- *We will comply with our obligations regarding data protection legislation.*
- *We will ensure that the grades accurately reflect the evidence submitted.*
- *We will ensure that for each student, we retain the following evidence: Mock Exam Series 1, Mock Exam Series 2 and three teacher-assessments.*
- *Where this is not possible, teachers and Curriculum Team Leaders will complete a JCQ "Variations for Individual Students" record and retain this.*

11. Authenticating Evidence

- *Robust mechanisms will be in place to ensure that teachers are confident that work used as evidence is the students' own and that no inappropriate levels of support have been given to students to complete it, either within the centre or with external tutors.*
- *It is understood that awarding organisations will investigate instances where it appears evidence is not authentic. We will follow all guidance provided by awarding organisations to support these determinations of authenticity.*
