Dear Parents and Carers,

Thank you for your support with the year 11 GCSE art hand in. Following AQA's guidelines we have to store GCSE students work until October 2021, meaning students will have to come back in the next academic year to collect their coursework.

Before we lose access to your email addresses I wanted to email to let you know your son/daughter can collect their GCSE art work from October with a cut off in March 2022, where we then have to dispose of the work. If your son/daughter would like to collect their art work they will need to contact reception in the timeframe mentioned above, and we will be able to drop the work off to be collected.

Yours sincerely,

Shevaughn Munro
