## BTEC Level 2 Tech Award in Engineering

“

After I'd completed my BTEC, I knew it would allow me to progress on to higher education.

**Sanna Shabir,**  
Trainee Construction Engineer

### Employability skills

Employers not only look for technical skills, but also employability skills. These include:

- **Self-management:** readiness to accept responsibility, flexibility, time management, readiness to improve own performance
- **Team working:** respecting others, co-operating, negotiating/persuading, contributing to discussions
- **Business and customer awareness:** basic understanding of the key drivers for business success and the need to provide customer satisfaction
- **Problem-solving:** ability to analyse facts and circumstances and applying creative thinking to develop appropriate solutions
- **Communication and literacy:** application of literacy, ability to produce clear, structured written work, and oral literacy (including listening and questioning)
- **Application of numeracy:** manipulation of numbers, general mathematical awareness and its application in practical contexts
- **Application of information technology:** basic IT skills including familiarity with word-processing, spreadsheets, file management and use of internet search engines.

# Any questions

**You will have an opportunity to ask any questions you might have tomorrow night during the year 9 parents' evening.**

**Otherwise you can contact me via email
