text-to-speech on all devices

Depending on your device click the button which is right for your device, however do not click on the chrome or the edge button as Read and Write will only work on browser windows and not for all applications.

A drop-down bow will appear asking what country you would like to download Read and Write in, click the 'UK' option, it should be the first one to appear. It will begin downloading immediately in your browser.

If using a PC it will ask for permission changes, click 'yes' and then the installation wizard will begin, click 'Next' and it will come up with this box.

For tablets it may be different.

This icon will appear on your desktop or screen. Click on it to open Read and Write

This icon will appear at the top of your screen, click on it to make the toolbar appear.

This box will appear, click on the red box and it will redirect you to a browser window to confirm you are a Holyrood student.

Why do we need this? ▾
